About Build Europe:

[Build Europe](#) is the umbrella organisation for national federations of residential developers and house builders, representing more than 70% of EU's homebuilding capacities and 20 European countries. The organisation promotes sustainable housing policies and works closely with EU institutions to address key challenges related to housing supply, affordability and urban development.

About the Cyprus Property Developers Association:

The [Cyprus Property Developers Association](#) is the official collective voice of the real estate development sector in Cyprus, which is on the key pillars of the economy. It represents more than 60 members, accounting for over 80% of the market share. The Association actively supports the implementation of policies and measures that encourage property development companies to innovate and enhance the quality of their projects. At the same time, it contributes to the shaping of policies aimed at addressing the housing challenge in Cyprus and promoting sustainable and environmentally responsible development.
